

**\*\*The river crossings' can be extremely dangerous and impassable in high water. The high water crossing does NOT guarantee a safe fording.**

**\*\*\*DO NOT ATTEMPT IN HEAVY RAIN\*\*\***

Old Castle Grove Loop Trail  
(decommissioned, do not use)

High Water Crossing  
(aka winter crossing)

Low Water Crossing  
(aka summer crossing)

Castle Giant Cedar

Castle Grove Boardwalk Trail

Suggested approach via  
Upper Falls Boardwalk

- We recommend bringing water shoes/sandals for the river crossing. (Pro tip: stash your wet gear in the bushes once you've crossed.)**
- Watch for rain. The river can rise to dangerous levels after only 90 minutes of rain. If it's starts to rain heavily, TURN AROUND!**
